

Examples

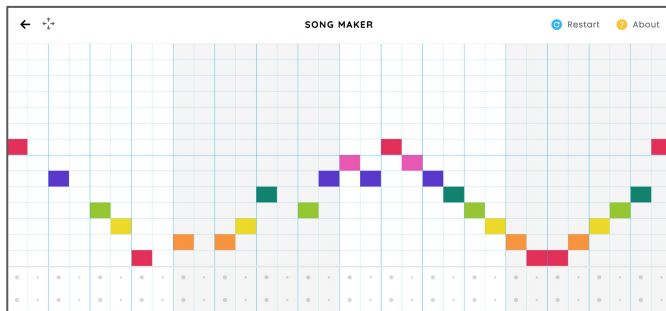

This example **does not** work:

- Random
- The leaps are too big
- No hills or valleys
- Does not start and end on red

This example is better:

- More linear (hills/valleys)
- Starts and ends on red
- Melodic rhythm is boring (straight 8th notes)

This example **DOES** work:

- Nice beat
- Linear
- Starts and end on red
- Interesting rhythm
- Has some leaps
- Harmony rules are followed
