## Coming Soon...

- Monday, 5/14 Scholastic Book Fair Begins
- Wednesday, 5/16 Family Game Night
- Friday, 5/18 Second Grade Picnic

## A Note From Ms. Elliott

Welcome Back!

I can't believe we have only 10 days left! We have learned so much this year, and are now preparing for third grade. Please continue to read with your child nightly, asking him/her questions about the books he/she is reading. Thank you for your continued support!

Reading

Readers will be comparing and contrasting nonfiction texts that focus on the same topic.

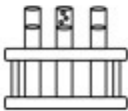

Writing

Authors will be publishing their biographies about famous Americans throughout history.

Math

Students will continue to practice multi-step problem solving strategies.

Science

Scientists will identify examples of interdependence between plants, animals, and their habitats.

Social Studies

Social Studies will be an additional time for students to work on their research and biographies.
